

## Presidents Letter

The Washington County Fair has a long tradition of promoting and supporting agriculture. It is a place where youth, adults and agricultural businesses can showcase their agricultural products to the public. Not only can you find agriculture products on display, but you can find several educational and fun activities at the Fair. As usual the Carnival with all of its rides and games will be on the grounds. We will have nightly entertainment, petting zoos for the kids, tractor pulls and much more. The livestock exhibits are highlighted on Thursday night with the Livestock Premium Auction, which continues to increase in donations from local businesses for the youth. All of this is organized, promoted and produced by a nineteen member Board of Directors and over 300 volunteers who work countless hours year round to make the Fair successful. We appreciate the support of the local businesses, the City of Fayetteville, the Washington County Sheriff Deputies, and all of the others that help make the Fair a great success.

Welcome to the Fair and Thank You for Your Support:

Kendall Pendergraft , 2011 President
